5. In **“Competition Level to Process”**, select the first class – B
6. You will now see thumbnails of all the images. You can click on each image to view a larger image.

**D = disqualify** - do not use

**C = critique** – not required but you can if you want. Use the comments box instead of the “canned” sections

**Scoring:** Enter your **score** in the box. You may enter scores in thumbnail view or in larger view. After some scores have been entered, you may sort by selecting **Sort by Scores** from the dropdown box in the thumbnail view. Sometimes the image sorting is finicky so you may have to select another sort option and then go back and select **Sort by Scores**.

We ask the judge to score each image on a scale of 18-30 with outstanding images receiving scores in the mid-upper twenties, average images in the lower to mid- 20's and poorer quality images in the high teens
